And to say that we have attained to that is an untruth; but to say that by hard work and honest dealings we have established a business in Asheville that is a source of great satisfaction to us and to our customers, is to state "plain facts to a candid public."

In all known places in this world there are people who think that by sending their orders away from home they can get better and cheaper goods. For the benefit of such persons, we will make the following broad assertion, viz.:

That we can duplicate any bill in our line, bought by parties outside the trade,

when freights and drayage are counted in; and in most cases that have come under our observation we have been able to save the purchaser from 5 to 10 per cent.

Then there are other parties who will order from New York a barrel of Sugar and box of Tea, and when out go to their grocer we keep on hand a fine lot of and buy 5 to 10 lbs. sugar and 1-4 lb. tea, and because they do not get them at same prices as they paid in New York by the Billiard and Pool Tables barrel or box, will say that they can't pay such prices, and make another order and pay more than they would have to pay at cial eye to the comfort and convenience of our home. Turks Island salt won't save such people.

We are glad to state that there are but few such people of Asheville, and that the great majority were quick to see that it was to their interest to buy at home. Not only the people of Asheville, but of all Western North Carolina, are availing themselves of the advantages offered by us in the way of
